Eyebrow: Riviera & Ridge · a premium nanny, based in Zermatt, available worldwide.

Presence over performance.

A state-certified educator, ski and yoga instructor, and mother of four — for families who want their children seen, not managed.

INTRO (≈ 60 Wörter)

Riviera & Ridge is a premium nanny service for internationally mobile families. One qualified professional — a *staatlich geprüfte Erzieherin* (state-certified early-childhood educator), certified ski instructor, and yoga teacher — based in Zermatt, available for weekly and monthly engagements worldwide.

For children who need more than childcare: calm, attention, and a different way of being heard.

TRIPLE-TIER SERVICE GRID

I · Active Travel & Alpine Expert

Weekly and monthly engagements, in Zermatt or wherever your family travels. One qualified educator with ski and outdoor competence — on the mountain and across time zones.

II · Behavioral & Harmony Coaching

For children who need a calmer voice, a clearer frame, or a different rhythm. Qualified behavioural guidance rooted in 20 years of professional practice — not therapy, but depth.

III · Elite Relief & Emergency Support

Qualified, discreet cover when your live-in nanny is unavailable — or when the situation calls for someone who can step in and hold the frame at short notice.

QUIET PROOF-STRIP

*State-certified early-childhood educator · Certified ski instructor · Yoga teacher · Mother of four ·
Based in Zermatt · Partner of Evolution Ski School Zermatt*

HOW WE WORK (3 Schritte)

1 · Conversation

Every engagement begins with a qualifying conversation. It lets us understand your family, your children, and the frame you need — and it lets you understand who you are entrusting them to.

2 · Preparation

A clear brief: routines, languages, allergies, preferences, boundaries. Written, confirmed by both sides, never assumed.

3 · Presence

Quiet, professional, present. Your children know someone is holding the frame. You know where you stand at every moment.

CLOSING

Not every family is a fit. That is the point.

We work on a small number of engagements at a time. A qualifying conversation is always the first step — indicative rates from CHF, confirmed after we have spoken.

2 — About · Who is behind Riviera & Ridge

OPENING

One qualified person. A rare combination.

Behind Riviera & Ridge is SG — a *staatlich geprüfte Erzieherin* (state-certified early-childhood educator), certified ski instructor, yoga teacher, and mother of four. Based in Zermatt. Available internationally.

Name und Foto erscheinen erst nach Shooting.

QUALIFICATIONS

- *Staatlich geprüfte Erzieherin* — state-certified early-childhood educator (Germany).
- *Fachabitur* — vocational higher-education entrance qualification.
- Studies in Social Work, with a focus on early childhood.
- Certified ski instructor.
- Certified yoga teacher (incl. children's yoga, 3HO, ~400 h).
- First-aid trained for working with children.
- Mother of four.

Each qualification is documented. Certificates available on request during the qualifying conversation.

APPROACH

The way a child is spoken to in the first minute of the morning sets the tone for the day. That is where the work begins.

Children are different. Some need movement before they can sit still. Some need quiet before they can speak. Some need a clear frame more than they need a programme. That is not a diagnosis — that is attention.

This is not therapy, and it does not replace specialists. It is childcare done by a qualified educator who is used to being present without being loud.

A NOTE ON CHILDREN WITH PARTICULAR NEEDS

Some children need more calm, a different pace, or a clearer frame — for reasons that may or may not carry a name. Riviera & Ridge offers depth of attention, not labels. Specialist therapies and medical guidance remain with the professionals who hold them.

3.1 — Active Travel & Alpine Expert

FOR INTERNATIONALLY MOBILE FAMILIES

One constant, wherever you travel.

Weekly and monthly engagements, in Zermatt or abroad. For children who benefit from continuity, movement, and a calmer household rhythm.

What this looks like

- Week- or month-long engagements, single- or multi-location.
- One qualified educator as the constant reference for the children — not a rotating team.
- Clear written brief: routines, languages, school, allergies, boundaries.
- Discreet coordination with existing household staff where present.
- Ski accompaniment in Zermatt in partnership with **Evolution Ski School Zermatt**.
- Travel itinerary coordination: acclimatisation support, activity programming, outdoor competence.

Typical fit

- Families based across several residences (e.g. Zurich · London · Dubai · Zermatt).
- Children aged roughly 3–14, single- or multilingual.
- Ski families in Zermatt who want a companion with alpine competence and pedagogical depth.
- Households that value a professional educator over a generalist.

Partner note

*Ski instruction in Zermatt is delivered exclusively by **Evolution Ski School Zermatt** (Fabrizio Pavan). Riviera & Ridge provides the care component: preparation, transitions, quiet time, and companionship on and off the snow.*

Indicative frame

- Indicative rates from CHF 65/h, confirmed after the qualifying conversation.
- Travel, accommodation, and per diems arranged separately.
- Languages: English (working language), German, French.

3.2 — Behavioral & Harmony Coaching

FOR CHILDREN WHO NEED A DIFFERENT APPROACH

Calm that holds. Structure that carries.

Qualified behavioural guidance for children who need more than entertainment — rooted in 20 years of professional practice as an educator.

What this looks like

- Engagements from days to weeks, integrated into the family's daily rhythm.
- Behavioural guidance: clear frames, consistent boundaries, age-appropriate emotional regulation.
- Conflict resolution within sibling groups or between children and existing staff.
- Developmental observation and enrichment — without diagnostic labelling.
- Mindfulness and yoga-based techniques where appropriate (certified children's yoga, 3HO).

Typical fit

- Children who respond to calm authority rather than entertainment.
- Families seeking a qualified educator's perspective on challenging dynamics.
- Households where existing care works day-to-day, but particular situations call for a different skillset.

A note on scope

This is not therapy, and it does not replace specialists. It is childcare and guidance delivered by a staatlich geprüfte Erzieherin who is trained to observe, adapt, and hold the frame — for children who benefit from a quieter presence.

3.3 — Elite Relief & Emergency Support

WHEN YOUR LIVE-IN NANNY IS UNAVAILABLE

Cover that carries the household — without rewriting it.

Qualified, discreet relief for established households during illness, leave, or short-term gaps. Available at short notice.

What this looks like

- Engagements from a weekend to several weeks.
- Structured hand-over — routines, allergies, preferences — read, confirmed, followed.
- No attempt to reinvent the household. The goal is seamless continuity.
- Written close-out at the end of the engagement, ready for your returning staff.
- Sole charge or shared care, depending on the family's structure.

Typical fit

- Families with an existing live-in nanny who needs leave or medical cover.
- Situations requiring a qualified educator at short notice — not an au pair, not an agency temp.
- Household managers or family offices coordinating on behalf of the family.

4 — For Agencies (B2B)

PLACEMENTS VIA YOUR AGENCY

A qualified educator, placed through channels you already trust.

Riviera & Ridge is available for placements via selected nanny and governess agencies. All contractual, logistical, and communication frames sit with your agency. We focus on the child.

Two Booking Tracks

- **Track 1 — Introductory Call (30 min):** For new agencies exploring a collaboration.
- **Track 2 — Placement Briefing (15 min):** For returning partners with a specific family brief.

What we bring

- *Staatlich geprüfte Erzieherin* with additional ski and yoga qualifications.
- Depth of attention for children with particular needs, without diagnostic labelling.
- Clean hand-overs, written close-outs, discreet communication.
- Working languages: English, German, French.

Collaboration model

- Single placements, relief cover, or recurring engagements (e.g. annual ski season).
- One point of contact on each side. No intermediary layers.
- Full transparency on availability, qualifications, and indicative rates.
- Reciprocal visibility (logo placement, subject to written agreement).

5 — Contact

Every engagement begins with a conversation.

The qualifying conversation lets us understand your family — and lets you understand who you are entrusting your children to. It is unhurried, confidential, and without obligation. Indicative rates from CHF are shared afterwards, in writing.

Three contact options

- **Book a Qualifying Call** — 20 min, video or phone.
- **Request a Callback** — leave your number, we call within 2 working days.
- **Send an Enquiry** — written form, reply within 2 working days.

Closing text

Riviera & Ridge is a one-person practice. When you write, call, or book — you reach the person who will be with your children. No call centre, no intake team, no handoff.
